NETWORK NEWS

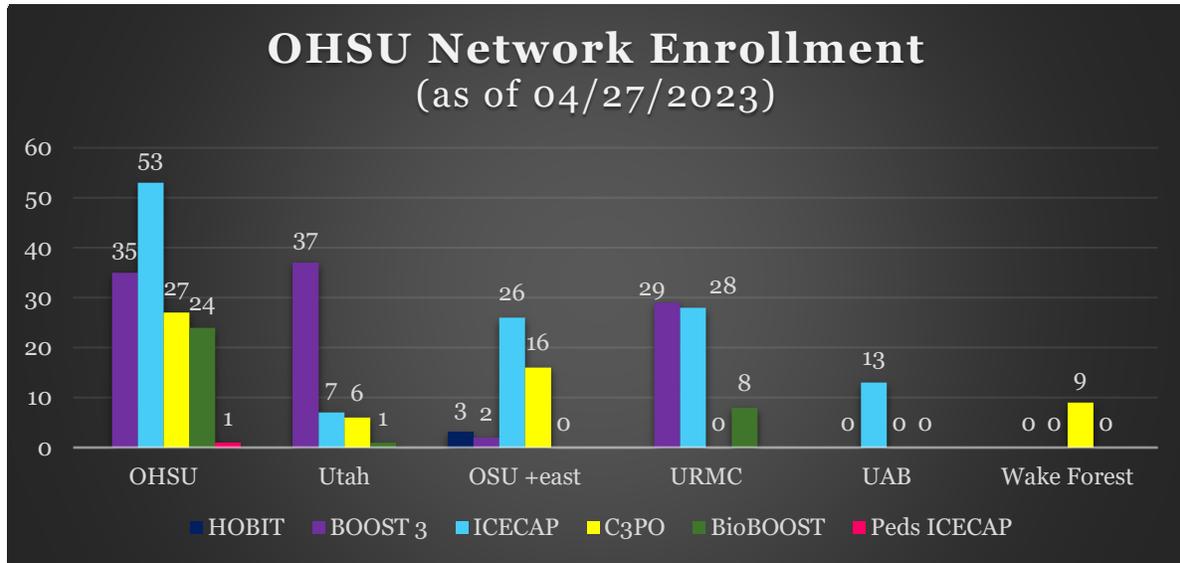

Thank you to all of our partner sites! We have reached out to each and every partner and been able to schedule a check in with everyone. We know how challenging it can be to put another meeting on the calendar so we really want you all to know how much we appreciate your willingness to carve out time to connect.

SIREN Operations Committee needs Nancy Wood!

Congratulations to our own Nancy Wood, Program Manager at University of Rochester Medical Center – Strong Memorial Hospital. She will be attending the operations committee meetings for the next 2 years. Thank you for your commitment! Jenny has enjoyed her 2+ years on the operations committee and we are all delighted another member of our OHSU SIREN Network team will be continuing to represent our network!

In addition to Nancy, Sarah Roy (Chicago), and Dr. Jarrod Mosier will be joining the ops committee for the next 2 year cycle.

Total OHSU Network enrollment: 348

13 subjects have been enrolled since Feb 2023, when the new network began

STEERING COMMITTEE DATES

The Steering Committee meetings for the remainder of 2023 are scheduled for the following Wednesdays:

- May 24, 2023
- June 28, 2023
- August 23, 2023
- September 27, 2023
- October 25, 2023
- December 27, 2023

Note: This group meets three months on (December 2022, January 25, 2023, February 22, 2023) then takes one month (March) off. The group will meet again for the next three months (April, May and June) and take July off and so on. Meeting dates for 2023 are noted below.

All study investigators are strongly encouraged to attend the steering committee meetings on a regular basis. The zoom link to these meetings is always included in our newsletter calendar.

SOP SPOTLIGHT

As a part of the new SIREN award notice, we will help facilitate the DCC efforts to distribute the SIREN general SOPs and training for our spoke sites.

Your site can access all SIREN SOPs at any time here: <https://siren.network/nett-resources/standard-operating-procedures>. We will also spotlight a monthly SOP in our newsletter for your review.

This month, please review the [Training Personnel](#) SOP

STUDIES IN DEVELOPMENT

- AutoBOOST – This study plans to look at cardiac waveform data in TBI, examining changes in auto-regulation and will use data that is already collected by Moberg. This study has been approved, but NOGA is still pending
- KESETT – Ketamine as an option (vs Keppra) in status epilepticus. Reviewed, and planned resubmit for July '23
- SPEED – Seizure prevalence EEG in ED study. This was resubmitted in March, awaiting review
- VETO-Shock – planning grant for etomidate vs ketamine. This was resubmitted in March, awaiting review
- CABO – serum biomarker substudy of ICECAP/PICECAP. Was submitted in Feb, awaiting review
- ED-SED – less sedation after intubation. Submitted in Feb and is awaiting review
- WINDSURFER- HHFO v BiPAP in resp failure. Still needs approval to submit, currently working on protocol.
- PERFECT – TNK dose in submassive PE. Serial ECHO's was primary endpoint, but being modified for Oct resubmission

- ART-BOOST – Robotic TCD monitoring to look at vasospasm in BOOST-3. This is a small pilot with 4 planned sites
- TARGET-TXA – TEG guided TXA in TBI. This study is currently under development.
- PS-ECMO – practice patterns in ED ECPR. In conceptual design phase and looking into a prehospital bundle to drive ECPR. Expect a site survey soon!
